

60 Days Provisional ONLY Registration

To apply for Provisional Only Registration for 60 days. Send the letter below.

Do NOT send the Application Form.

You can include the Birth Certificate, or they will request it via email, you don't include a Plan. You will then get **60 days Provisional Only Registration**, you need to pull your child from school once you have sent your email. Email the school to cancel your child's enrolment same day.

Dear Sir or Madam,

I am writing to apply for provisional registration for home education, under S207 of the Education (General Provisions) Act 2006.

My name is _____ (parent's name), and I am a parent applying for provisional registration for my child, _____ (child's name), birthdate, _____ / _____ / _____ (child's date of birth), residing at _____ (address).

I have attached a copy of the child's birth certificate, which shows that the child is eligible for Provisional Registration, according to S207 of the Act.

I have informed their current school _____ that they are to be removed from their enrolment.

I understand that you will inform me as soon as practicable that Provisional Registration has been granted, which will last for 60 days.

Thank you for your assistance,

Your name
